ROSWELL CITY!
WHERE IS IT? Why, just adjoining the City Limits on the north at the WESTERN TERMINUS of the
Great Rock Island Railroad,
Where their shops are to be built and where under precisely the same conditions we shall see
A Second Colorado City.
Mechanics, Artisans, Investors, Tradesmen, Professional Men, Day Laborers

Here is the opportunity you have been waiting for ever since the announcement was made last spring, that The Rock Island railroad had decided to build to Colorado Springs.

The Beautiful Tract of Land in which Roswell City is Located is almost at your Door

It lies within a twenty minutes drive of the finest portion of Colorado Springs, and is situated on the west side of the Monument river, the same side of the river as the tracks of the Rock Island railroad, where the buildings of the railroad company are now in course of erection. The station of Roswell has been established at this point, the round house and station being within 300 feet of what is to be the principal business street of the city. The lands of the Rock Island railroad and those of the Denver and Rio Grande railroad extend for half a mile along the eastern border of the new city, and furnish excellent facilities for the establishment of manufactories and for shipment.

The local part of this new city is on ground sloping gently to the east, rising gradually from the railroad track towards the mesa on the west and furnishes most beautiful, and the most protected building sites for the thriving city which is bound to spring up at once in that locality.

There is no doubt about it, that this is the best chance to make money on lots, that has ever been offered in this vicinity.

Prices are Very Low, Terms Easy, and Values will Doubtless Double or Treble in a Few Weeks.

Negotiations are about concluded with a large manufacturing plant, to locate in the new city, and many others are sure to follow on account of its superior facilities.

To meet the immediate demands for dwellings, the company will erect a score of houses and stores, which will be ready for occupancy within three weeks.

GO AND INVESTIGATE FOR YOURSELVES and we will guarantee that if you are looking for an investment or a home, you will not have to look any further.

What the state needs is a Governor and not a politician for governor.

The saddest man tomorrow will be those who bet that Cooper's plurality would be less than 3500.

Chairman Quay has not been heard from with a brass band. His able management of the campaign has been in marked contrast with the seldom committee of four years ago. This is one of the best reasons for success in the success of the republican ticket.

There will be an effort made today to beat J. C. Woodbury the republican candidate for county commissioner. There is no danger if republicans are alert. They were never a more faithful or competent officer in El Paso county. The days must be numbered ere that the efforts to defeat Mr. Woodbury are not successful.

The time for discussion is past and the day of decision here. The issues of the campaign and the policies of the two parties have been thoroughly discussed. Each party submits the case to the people and they must render their verdict at the polls to day. Let that verdict be for the lofty aims and noble purposes of republicanism.

No candidate for president ever took more active or honorable part in a campaign than Gen. Harrison has. Since his re-election he has grown steadily in public esteem. His character as a man have stood the severest tests and he has served the country in support of his party. No [illegible] to say with how much [illegible] for any dishonorable act or any unworthy speech.

Every republican should vote for the head of the republican state ticket. Mr. Cooper is in every way superior to Mr. Patterson as a candidate for governor. The democrats are expecting a close vote for Patterson among the laboring men. This is the real foundation of their hope. While it is as safe as anything else in politics that Mr. Cooper will be elected by a good majority it should not be traded for any other soldier.

Four years ago when matters were limited with short guns for every deputy United States marshals appointed by the state to protect the interests. The democrats then howled about federal interference with elections. We wonder if that same ex United States deputy marshals have [illegible] to see to take part at the [illegible] city. The [illegible] no republican will [illegible] south but there is no reason for leaving them here. [illegible]

Today two propositions [illegible] the consideration of the [illegible] voters. One [illegible] the state to borrow $1,000,000 [illegible] to make [illegible] state warrants. The indebtedness was largely created by the extravagance of our democratic [illegible] this indebtedness is cleared out of the way it will give the legislature [illegible] opportunity for [illegible] the credit of the state cannot be [illegible] if the legislature will [illegible] a [illegible]
